ReClam the Bay

Thanksgiving Baskets

Happy Holidays!

ReClam the Bay

11/15/2019 — Our speaker last Friday was Rick Bushnell, the Executive Director of ReClam the Bay.

Our club has supported this organization for several years and their mission is focused on the bays around Long Beach Island. They do a great deal of education about the benefits and need for clean water and healthy fish and sea life. They also nurture and grow clams that will be returned to the bay water to help increase the population of these important creatures.

Rick showed us how they accomplish their mission and talked about the variety of life in the bay and the contribution of each to a healthy environment.

Thanksgiving Baskets

11/22/2019 - One of our best projects during the year is when we collaborate with HomeFront to put together Thanksgiving baskets for needy families.

The entire club and many club friends take the time to buy groceries and bring to our lunch on Friday. Once we have finished our meeting we begin to pack the food into laundry baskets which help families have a good Thanksgiving.

As some of the pictures will show, it is controlled chaos until we finally get everything packed and loaded to be transported to HomeFront. Sydney Gecha from HomeFront attended our lunch and transported all the food to where it needs to be.
