Life Ties

1/17/2020 — Kathy Coppins with LifeTies spoke to our club at lunch on Friday. We have been strong supporters of LifeTies for many years so Kathy updated us on their programs to assist adolescents who have experienced neglect and abuse in their lives.

One of the most important programs is the mentor program where people in the community can volunteer their time to help these youths adapt, adjust and overcome obstacles to create a brighter future for themselves.

West Windsor Police update

01/31/2020 - Our luncheon speaker was Honorary club member West Windsor Police Chief Robert Garofalo. Chief Garofalo updated the club on their community policing initiatives. Among those he mentioned was a new unit within the department managing drone resources.

Lt. Dan Mohr talked more in depth about this program and brought a few different models they use. Drones are useful for many different situations but first and foremost for search and rescue. Lt. Mohr cited several examples when they were able to find children and adults who went missing.

Drones are also useful for accident investigation and managing large public events.

Chief Garofalo then flew the smallest drone in the room with very precise control. Thanks for the update Chief
